

PRECISION AEROSPACE MANUFACTURING

Facility UPGRADES

Alken Industries is committed to producing quality parts and delivering customer satisfaction.

Alken Industries is an NQA AS9100 and ISO 9001:2000 certified, woman owned small business. We manufacture complex aircraft parts and assemblies for major aerospace companies and provide support with unwavering service to our military.

The latest editions to our 52,000 sq. ft. manufacturing facility include the Makino Rail System combined with 2 A81M Horizontal Machining Centers and 2 Okuma Milac 853 PF Machining Centers allowing for:

TWO A81M Makino Machining Complex (MMC2) 50 hp with 12 Pallet Automated Material Handling System

- Lights out operation - Unmanned, 24/7
- Manufacturing flexibility
- Elimination of set up time
- High torque to accommodate hard metals
- Remote operations which increase efficiency and productivity for cost reductions

OKUMA MILAC 853PF

- 5 Axis, 75 hp/12,000 rpm
- Titanium and Aluminum capability
- x=120", y=34", z=27"
